

REMARKS

Claims 22 and 30 have been amended. Claims 22-23 and 25-33 are currently pending. Entry of the amendments, and reexamination and allowance of the pending claims are respectfully requested.

First, Applicant has amended the title to include the inventive feature of a non-spill container having a stopper.

Second, Applicant has responded to the Section 112 rejections by amending claims 22 and 30. Thus, all pending claims are submitted to be in compliance with Section 112.

Third, claims 22-23 and 25-27 stand rejected under the judicially created doctrine of obviousness-type double-patenting as being unpatentable over certain claims of USP 6,857,928, USP 6,595,822, and USP 6,638,131. Although Applicant does not agree with these rejections, Applicant is filing herewith a terminal disclaimer to overcome these rejections.

In light of the above reasons, all pending claims are submitted to be in condition for allowance. The Examiner is encouraged to telephone the undersigned if the Examiner has any proposed amendments or informalities that can be resolved in a phone interview.

Respectfully Submitted,
